From the Atlantic to the Pacific

Antiques in Canada is a website that truly represents the face of antiques in Canada. In this, our third year, we have expanded our listings to include Newfoundland and Vancouver Island. To celebrate this we highlight our easternmost and westernmost shops.

In the East

Angel House Antiques St John's, Newfoundland

Specializing in late -19th and early 20th century china, clocks, furniture, historical art and silver. Russell, the owner, who is an avid collector, has been dealing in antiques since 2000. His most prized possession from his extensive clock collection is a French regulator dating back to the 1750's

Statistics

The number of people using the Antiques in Canada website continues to grow by leaps and bounds. As of March 31, we have an average of 337 unique users per day visiting over 1000 pages. This is a 15% increase over January/08 and a 72% increase over March/07. We anticipate a continued upward trend as we "hit the antique trail" this spring and summer.

In the West

RememberThat! Antiques, Collectibles & More Parksville, British Columbia

Remember That! carries a great selection of antiques - glass, china, furniture - also collectibles, artwork, silver & brass, lamps, knickknacks, memorabilia & more. Reasonable prices! Best service on the island!
